30 July, 2008

Dear Gentlemen,

We wanted to thank you for your time, expertise, wisdom, and insight during seminar that you gave our company employees on July 14th. You were both full of energy and motivation, and that energy has spread throughout our entire company and brought new focus on what it is to provide excellence in service, and value to our clients. In fact, the message you sent was so strongly received that we recently had a very successful intra-office "competition" to see who could create posters that carry the message of effective teamwork, communication, great service! Your seminar has proven invaluable to our company, and I will recommend your services without reservation. MCG is specific and relevant for us; MCG listened to our concerns, created a questionnaire for our employees to get their feedback, and then acted on the responses obtained. We feel that MCG made a customized presentation that focused on our opportunities, and featured what we are already doing well. MCG was a class act, and was money well-invested in Jaipur's future.

Thank you both for all that you and MCG are doing for the rug industry.

Best regards,

Archana Chaudhary  
Chief Operating Officer

Asha Chaudhary  
Chief Executive Officer
